Career Objective

Results-driven B.Tech (Computer Science Engineering) student specializing in Java Full Stack Development. Proficient in building scalable web applications using Java, Spring Boot, REST APIs, and modern frontend technologies. Strong understanding of data structures, object-oriented programming, and database management systems. Seeking an entry-level software developer role to contribute to high-quality software solutions and grow technical expertise.

Technical Skills

- **Programming Languages:** Java, C, JavaScript
- **Frontend Technologies:** HTML, CSS, JavaScript, React
- **Backend Technologies:** Core Java, Spring, Spring Boot, JSP, Servlets, REST API Development
- **Database:** MySQL, SQL
- **Core Concepts:** Data Structures, OOP, DBMS, Computer Networks
- **Tools:** Git, GitHub, VS Code, Eclipse

Projects

Real-Time Disaster Alert and Prediction System Using Data Science and IoT

Technologies: Python, Pandas, NumPy, Scikit-learn, Arduino/NodeMCU, Flask, MySQL, Firebase, HTML, CSS, JavaScript, MQTT, Power BI

- Developed a real-time disaster monitoring system integrating IoT sensors and data analytics for environmental tracking.
- Collected and processed real-time data such as temperature, humidity, and water levels using embedded systems.
- Implemented machine learning models to predict disaster conditions with improved accuracy.
- Designed and developed a responsive web dashboard for real-time visualization and alert management.
- Integrated alert notification mechanisms to enhance early warning systems and disaster preparedness.

Experience

TAP Academy

Full Stack Java Developer Trainee

Feb 2026 – July 2026

- Built and deployed full-stack web applications using Java, Spring Boot, HTML, CSS, JavaScript, and MySQL.
- Developed RESTful APIs and implemented backend logic using object-oriented programming principles.
- Designed responsive user interfaces and ensured seamless frontend-backend integration.
- Optimized database queries for efficient performance and data handling.

Achievements

- Successfully completed Java Full Stack Development training at TAP Academy with hands-on project experience.
- Developed and deployed a personal portfolio showcasing technical projects and skills.

Education

B.Tech (Computer Science Engineering)

Siddarth Institute of Engineering and Technology, Puttur

CGPA: 7.8

2022 – 2026

Intermediate (MPC)

Sri Sai Jyothi Junior College

CGPA: 7.2

2020 – 2022

Secondary School

RKSR Government High School

CGPA: 9.86

2019 – 2020
